

*Artificial Life and Robotics*

**We invite you to publish your paper**

in this journal full of inventive scientific findings and state-of-the art technologies.

**Two types of papers from the world are**

- I . Recommended papers presented at **the International Symposium on Artificial Life and Robotics ( ISAROB)**,
- II . Contributed papers.

**Contribution fee :**

4 pages or less    **¥ 19,000 per page,**  
extra pages        **¥ 16,000 per page.**

(Pages are counted on single-line basis as they appear in the journal.)

**Shipping Cost:**

in Japan        **¥ 700 per one issue,**  
overseas       **¥3,000 per one issue.**

We deliver every corresponding author (or sponsor) one copy of journal in which his/her paper is included. We would like to thank authors for their support in the form of contribution fee payable before publication, which funds the production of this journal contracted by Springer Japan.

**Order:**

- 1. Price for co-authors:    ¥ 5,000 per copy (for every co-author),**

If necessary, please order extra copies for co-authors to the Journal Office.

- 2. Subscription fee:    ¥ 20,000 per year,**

- 3. Purchase price for single issue:    ¥ 8,000 per issue.**

*Artificial Life and Robotics*

## **Our Review System**

### **For contributed papers,**

#### **1. Duration:**

Two months is our target time of the whole review process, however, we are trying our best to make it as short as possible.

#### **2. Review results:**

Every contributed paper will be reviewed by three assigned reviewers with score ranging from 1 (highest mark) to 4 (lowest mark);

1. publish with no revision,
2. publish with minor revisions,
3. possibly publish with revision and re-review,
4. reject.

Review results, a total score of the three evaluation scores, would be read as;

- |               |   |   |
|---------------|---|---|
| 3 or 4        | : | accepted and to be published as it is,              |
| 4, 5, or 6    | : | accepted and to be published after minor revisions, |
| 7, 8, or 9    | : | acceptable but subject to rewriting and re-review,  |
| 10, 11, or 12 | : | rejected  |

### **For recommended papers,**

The recommended papers are ones that the chair of each session reads before, during, and after the symposium that year and recommends to AROB Journal Office using the same evaluation score above. Therefore, the quality of recommended papers is apparent at the time of recommendation.

**We express our heartfelt gratitude to chairs and reviewers of ISAROB for their support and sincere voluntary work without which this journal never exists.**

*Artificial Life and Robotics*

**We invite you to advertise your company**

in this international journal financed by **ISAROB (International Symposium on Artificial Life and Robotics )** and produced by a renowned publisher, Springer Japan.

**Merits:**

- **Connectivity with ambitious academic circles in the rapidly-advancing fields,**
- **Expanded publicity through toll electronic circulation by Springer-Japan,**
- **Reasonable advertising fee** (1 page = ¥ 40,000, 2 pages = ¥ 70,000).
